## ALASKA ELECTRICAL PENSION PLAN (EIN: 92-6005171; PN: 001)

### SUMMARY PLAN INFORMATION

November 4, 2014

As you may know, the Plan Administrator is required to file a report annually with the Department of Labor (DOL) known as the "Form 5500 Annual Report" for the Alaska Electrical Pension Plan (Plan). This report contains information about the Plan's financial health as well as demographic information about Plan participants and contributing sponsors. The Plan Administrator filed this report on October 9, 2014, and is required under federal law to provide you with this summary of certain information provided in that report.

#### 1. Description of Contribution Schedule and Benefit Formulas:

The Alaska Electrical Pension Plan is a defined benefit pension plan. During the 2013 plan year the Plan also provided early retirement, disability and pre-retirement death benefits for individuals who met plan requirements for these benefits.

##### Contribution Schedules

Contribution rates are determined through collectively bargained contracts (for bargained employees) and special agreements (for nonbargained employees) that vary by agreement and employer.

##### Benefit Formula for 2013 Plan Year

A participant's benefit accrual is based on a percentage of the contributions required to be made on the participant's behalf by the employer.

Each participant's accrued benefit is based on a percentage of the participant's employer(s)' contributions to the Plan for covered hours of employment. For the 2013 plan year, the accrual rate was 1.2%. Benefits are payable in one of several annuity forms of payment after a participant terminates employment due to disability, or upon attaining either early retirement age (48) or normal retirement age (58).

For a full description of plan benefit accruals in other plan years, please refer to the Summary Plan Description.

#### 2. Number of Employers Obligated to Contribute to the Plan:

One hundred twenty-eight (128) employers were obligated to contribute to the Plan during the 2013 plan year.

#### 3. List of Employers That Contributed More Than Five Percent (5%) of the Total Contributions to the Plan During the 2013 Plan Year:

Alaska Communications Systems  
Chugach Electric  
Municipality of Anchorage Municipal Light & Power

**4. Number of Participants Under the Plan on Whose Behalf No Contributions Were Made by an Employer of the Participant for 2013 and for Each of the Two Preceding Plan Years (2012, 2011):**
