

Identity Protection That Works for You

Every 2 seconds, someone in the U.S. becomes a victim of identity theft. Identity theft can drain your savings, damage your credit and ruin your reputation. That's why The Alaska Electrical Legal Fund is offering IdentityForce identity protection. Protect your hard work. Protect yourself.

IdentityForce is an industry leader in identity, privacy and credit protection. We've protected the U.S. government and millions of people for nearly 40 years. You can trust us — at IdentityForce, we protect what matters most.

Monitor

As carefully as you plan for the unexpected, it is impossible to anticipate the theft of your identity, credit, or personal information.

Give IdentityForce that responsibility. Innovative technology and ongoing monitoring keep your personal information and identity secure.

Alert

Millions of people have their identities stolen each year with financial losses close to a whopping \$50 billion. On a more personal level, that is 1 out of every 4 adults, averaging losses of \$3,500.

That is devastating damage. IdentityForce provides an early warning system with prompt notification on your computer, phone or tablet — allowing you to take action before the damage is done.

Control

You insure your home, cars, and health. Your credit and personal information is even more at risk of unexpected disaster.

With our protection, you are in control. Know and improve your credit score, protect your personal information online and keep your keystrokes, PIN numbers, and credit card information safe.

Recover

If your information is compromised, what is the next step?

Certified Protection Experts offer comprehensive, 24/7 recovery services. Let us do the work for you. We make the calls, complete the paperwork, and handle every detail in restoring your identity. Plus, our \$1 Million Identity Theft insurance coverage gives you an additional layer of protection.

ABOUT IDENTITYFORCE

For nearly 40 years, IdentityForce, Inc., has provided best-in-class, highly scalable, award-winning identity theft and privacy protection solutions to consumers, businesses, and government agencies. A pioneer of identity protection, IdentityForce's innovation and customer-centric approach has made the company a trusted partner for both organizations and individuals. Visit www.identityforce.com to learn more.

IMPORTANT NOTE: To be sure you receive all the identity protection services that you are entitled to receive from IdentityForce, please fully complete the information requested in your personal dashboard. Please be aware, if you do not provide IdentityForce with additional information about yourself or your dependents, we can only help protect the information that has been provided. If you do not utilize all the identity protection services you are entitled to receive, you will not be eligible for a refund for any services that go unused. In addition, no one can guarantee that they can prevent all identity theft and you may still become a victim of identity theft even if you use our services. Our monitoring services may not uncover all suspicious activity, and alerts require subscriber's current email address. Fully managed restoration requires subscribers to sign a limited power of attorney.
